Thank you.

Is it okay if we include the image in the program without an ID number, but list *Lake Superior Maritime Collections, UW- Superior* in the credits?

May we use the image in print to promote the program? If we can, we'll include the ID number and credit the collections.

My apologies, this did escape my notice. I didn't mean to make you wait.

Let's see, I maybe signed where you are supposed to. I think this form needs revision for sure. I've amended it to add another signing line. See attached.

Hi Jamie,

Thank you.

I hate to be a pest

Where on the form should our authorized signatory add their signature?

Also, is it okay if we include the image in the program without an ID number, but list *Lake Superior Maritime Collections, UW- Superior* in the credits?

May we use the image in print to promote the program? If we can, we'll include the ID number and credit the collections.

Thank you!

Hi Jamie!

That is good news indeed!

I'm having problems creating a PDF of the final version (see attached). When I convert the WORD doc to a PDF, your letterhead and our filled-in info disappears. I'm afraid making all the changes and additions to your original PDF won't work. Your thoughts?

Holly or one of her colleagues will take care of the payment.

Thanks!

Val

Hi Valerie, thank you for your patience. I heard back from our CFO that the language changes are all acceptable as you propose them. You can go ahead and use the photo with permission & please remit payment at your earliest convenience. I am on the road today so can't communicate fully. But if you need something further tomorrow, I will be available.
