

OUR  
**J & C**  
STRIPE  
WITH  
HIGH BACK

Has no equal in the market. The stripe is made up of the initials "J" and "C" as shown in the small cut on this page. Look for this stripe if you would have the **best** in over-clothes. These letters stand for the names of "Jenkins" and "Clark," the founders of this business. Their original high standard of **quality** has been rigidly adhered to and the business has been built solely upon the merits of the goods. "Keep the quality up" is our motto.

In selecting the cloth for these garments the oldest and most reliable print house in the country, Stiffel & Son, was selected to turn out the goods. The color is as nearly fast as it is possible to have it, the indigo being the best Calcutta brand. We have scores of testimonials that attest the high quality of these goods.
