

WISCONSIN WWII STORIES

a partnership of the Wisconsin Historical Society and
Wisconsin Public Television in association with
the Wisconsin Department of Veterans Affairs

Wisconsin World War II Stories
is a stirring four-part series of
documentaries on the sacrifice and
bravery of Wisconsin's World War II
veterans, and the people who
remained behind, on the home front.

Wisconsin World War II Stories *Home Front*
8 p.m. Monday, May 3

Chronicles the stories of the people who served on the
home front. They built the munitions and the
submarines, canned vegetables, went without and
waited for the soldiers to come home.

Wisconsin World War II Stories *Pacific*
8 p.m. Tuesday, May 4

Captures the stories of tremendous battles -- above,
below and on the waters of the vast Pacific Ocean. The
valiant men and women who served so long ago recall
their triumphs and horrors, many for the first time
since returning home.
